

"I came that they may have life and have it abundantly." -- John 10 : 10

# Experience God's Promise of Abundant Life at Oak Hill United Methodist Church

## Our vision:

A diverse community united beyond our differences by the Love of Christ where everyone is welcome, connected, growing, and serving.

## Missions

Oak Hill is not just a church that does mission – it is a church that lives mission. We seek to establish meaningful relationships with those we serve. We will share food and fellowship with the homeless and others who hunger for nourishment and connection. We will help people find a home where they can rest and belong through Habitat for Humanity, Hands on Housing and Fresh Start Resettlement.

## Spiritual Formation

Our spiritual formation ministry invites us to go beyond mere knowledge of God. It aims to help us journey deeper into a relationship with God. Our Sunday School classes, small groups, and Bible studies offer a supportive and loving community in which to explore God's offer of abundant life. We will explore different practices that help us to experience God's presence in our hearts, minds and bodies.

## Children & Youth

At Oak Hill, we journey with young people as they discover God's love, form friendships and grow in their faith. We introduce them to the stories of God's people and inspire them to serve others with compassion. We encourage them to explore how their faith relates to their everyday lives. We support them as they develop their own authentic relationship with God, offer them opportunities to express their gifts and talents, and empower them to share Christ's love.

## Worship

When we sing, pray, listen to scripture, share communion, and let music touch our hearts, we open ourselves to the Living God, recharge our souls, and connect with one another. We will continue to honor our traditions while forging new pathways to worship God.

## Community

We are a church that celebrates life together! God created us to be in communion with one another, forming bonds of love and friendship. Through meals, play, and fun activities, we will create space to form those bonds, nourish our souls, and care for one another when life gets tough. We will live with our arms and hearts open to everyone God sends our way!
